LAWN MOWING SEASON

Please be mindful of your water meter when mowing (& shoveling snow). The meter has sensitive equipment on the lid and any cost for repairs is billed to your account. You may also want to note that it is illegal to remove a water meter lid.

DRINKING WATER REPORT

The Annual Drinking Water Report is available on our website. Delta City takes great pride in providing quality drinking water to its residents. COVID-19 does not affect culinary water, however an earthquake could. A bigger concern is the problems flushing anything but TP could cause the sewer system.

SPRING CLEAN UP

It's never too early to get a head start on spring clean-up. Your neighbors will love you! City Clean-up is tentatively scheduled May 1-2, don't forget to call and get on the list.

GARBAGE REMINDER

As weather warms up, so have neighbor complaints about garbage not being properly contained, being smelly and/or attracting cats, mice and other critters. To help keep your neighbors happy, please do not store garbage in your yard or in open vehicles. See code online for details.

Also, park dumpsters are for park use ONLY. We love when you clean up after your park outings, but please don't use them to clean out your house. Personal dumping is not allowed. If you need a garbage receptacle, local garbage companies are happy to accommodate; and your neighbors and local businesses will appreciate you not using theirs.
